

## PSHE at Sky Primary & Eden Project Nursery

*What are the aims?*

### INTENT

At Sky Primary and Eden Project Nursery, we believe firmly in the importance of a coherent and well-delivered PSHE curriculum and its positive impact on our children's knowledge, skills and attributes needed to keep themselves healthy and safe, and prepared for life and work. PSHE is a cornerstone of all that we do and enables our children to become independent, confident, healthy and responsible members of society, as well as developing the 'whole child' intellectually, morally, socially and spiritually.

Our PSHE curriculum equips our pupils with relevant and meaningful content, which is supported through a strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, and is central to our Sky curriculum. With an ever-changing society, we are able to provide our children with a strong understanding of the diverse world around them and support them in playing a positive role in contributing to the school and the wider community. Interweaved through the heart of our PSHE teaching, is a commitment to enhancing and promoting our core values of: Nurturing, Curious, Inspiring, Creative, Active and connected

*What does it look like?*

### Implementation

To ensure our aims are met we use Jigsaw , to deliver our curriculum.

Jigsaw PSHE directs our aim on developing the 'whole child' through a spiral curriculum approach to developing knowledge, skills and understanding in the areas of; ω Being Me in My World ω Celebrating Difference ω Dreams and Goals ω Healthy Me ω Relationships ω Changing Me

We teach the National Curriculum, supported by a clear skills and knowledge progression. This ensures that skills and knowledge are built on year by year and sequenced appropriately to maximise learning for all children.

*What are the outcomes?*

### IMPACT

Our curriculum and everyday practice has a huge impact on our children's spiritual, moral, social and cultural development. They are able to discuss and debate big questions and show respect and tolerance of different opinions and ideas. Through our foundation curriculum our children learn to understand and appreciate their Cornish heritage and the heritage of others and are consciously exposed to different cultures and faiths. Our children also understand their role within the local, national and global context and their role and responsibility in protecting and cherishing our Planet.

By the time children leave our school, our pupils will: Have a ready willingness and ability to try new things, push themselves and persevere. To have a good understanding of how to stay safe, healthy and develop good relationships. To have an appreciation of what it means to be a positive member of a diverse, multicultural society. To have a strong self-awareness, interlinked with compassion of others.
